AP Spanish Practice Test Multiple Choice The Composition of the Section The multiple-choice section of the AP Spanish exam typically includes approximately 65 questions, which students have about 55 minutes to complete. These questions are divided into two primary categories: 1. Reading Comprehension (Approximately 50%): This subset involves passages—authentic or adapted—that cover a variety of topics including science, history, culture, and contemporary issues. Questions test understanding of main ideas, supporting details, vocabulary in context, and the author's tone or intent. 2. Listening Comprehension (Approximately 50%): Students listen to recorded conversations, lectures, or cultural descriptions and answer questions based on the audio. These questions evaluate understanding of main ideas, specific details, inference, and speaker attitudes. While the exam combines these components, practice tests often provide separate sections for each, allowing students to target their skills effectively.

Types of Multiple-Choice Questions AP Spanish multiple-choice questions are designed to mirror real-world language use, so they often include various question types:

- Literal comprehension questions: Asking about explicit information in the passage or audio.
- Inferential questions: Requiring students to read between the lines and interpret meaning.
- Vocabulary-in-context questions: Testing understanding of unfamiliar words based on surrounding text.
- Cultural questions: Addressing cultural references, idiomatic expressions, or societal norms.
- Grammar and syntax questions: Focusing on correct verb forms, sentence structure, or pronoun usage within given contexts.

- Timing oneself to develop pacing skills.
