a reappraisal of the reign of philip iii of spain 1598 1621 and the king s favourite first published in 2000

this volume explores the co existence of christianity and islam on the iberian peninsula during the middle ages the official religions of muslim al andalus on the one hand and the christian kingdoms in the north of the peninsula on the other it examines the meaning of the word mozarab and the history and nature of these people first the author explains what being a non muslim meant in al andalus and then considers mozarabism in león and toledo finally he explores the issues that arose when mozarabs were relocated in twelfth century aragón and then in sixteenth century toledo when they were striving to retain their identity

this two part book on collections of paintings in madrid is part of the series documents for the history of collecting spanish inventories 1 which presents

volumes of art historical information based on archival records one hundred forty inventories of noble and middle class collections of art in madrid are accompanied by two essays describing the taste and cultural atmosphere of madrid in the seventeenth and eighteenth centuries

as well as presenting articles on neo latin topics the annual journal humanistica lovaniensia is a major source for critical editions of neo latin texts with translations and commentaries please visit lup be for the full table of contents

voices of conscience analyzes how the link between politics and conscience was articulated and shaped throughout the seventeenth century by confessors who acted as counsellors to monarchs against the backdrop of the momentous intellectual theological and political shifts that marked this period the study examines comparatively how the ethical challenges of political action were confronted in spain and france and how questions of conscience became a major argument in the hegemonic struggle between the two competing catholic powers as nicole reinhardt demonstrates counsel of conscience was not a peripheral feature of early modern political culture but fundamental for the definition of politics and conscience tracing the rise and fall of confessors as counsellors reveals the parallel transformation of both approaching a historical understanding of the modernisation of politics with the idea of an individual conscience at its heart placed at the junction of norms and practices royal confessors directly or in oblique reflection shaped the ways in which the royal conscience was identified and scrutinized by the same token the royal confessors expertise and activities remained a source of anxiety and conflict that triggered wide debate on the relationship between state and church religion and politics the notion of counsel of conscience of which this book provides the first in depth analysis allows the reader to re examine and challenge fundamental historical paradigms such as the emergence of absolutism individualisation and the division of public and private putting theological concepts and religious dimensions back into political theory and practice sheds new light not only on the importance of counselling for early modern statecraft but also on the reconfiguration of the normative frameworks underlying it
