Constitutional Convention, 1887*

this is the second edition of professor tushnet's short critical introduction to the history and current meaning of the united states constitution it is organised around two themes first the us constitution is old short and difficult to amend second the constitution creates a structure of political opportunities that allows political actors including political parties to pursue the preferred policy goals even to the point of altering the very structure of politics deploying these themes to examine the structure of the national government federalism judicial review and individual rights the book provides basic information about and deeper insights into the way the us constitutional system has developed and what it means today

this book shows how the austrian constitution has been shaped and interpreted by the fundamental events in austria's modern history at the same time it emphasises the way in which the constitution establishes a parliamentary system with additional presidential features limited in turn by austria's federal structure and the parliaments of nine states it charts the history and character of the constitution the political structure the legislative and executive branches of the federal government public bodies jurisdiction and fundamental rights this new edition explores the changing political landscape particularly the development of a more competitive party system it also looks at the response to covid and the jurisprudence of the austrian constitutional court in the face of the curtailment of rights in order to curb the pandemic offering the trademark combination of clarity of explanation and rigour of analysis that defines the series this is an excellent guide to a fascinating constitutional structure

kenya like the rest of africa has gone through three sets of constitutional crises the first related to the trauma of colonialism and struggle for independence the second a period of constitutional dictatorship and the clamor for reform the third most recent crisis being one of identity legitimacy and the inability of the state to discharge its functions which has resulted in civil unrest violent ethnic conflicts poverty social exclusion and inequality the making of the constitution of kenya examines the processes issues and challenges of constitution making governance and legitimacy in that country and the lessons that can be learned for others on the continent equipping the reader with a sound

historical perspective on constitutional developments and the crisis of constitutional legitimacy in kenya it gives an invaluable insight into the normative and political complexities involved in evolving a truly democratic and widely acceptable constitutional order in africa

praise for the previous editions a slim guide to the constitution of the united kingdom that is both highly readable and impressively thorough it deserves a place on undergraduate reading lists students will certainly find it worth their while cambridge law journal the written style is admirably clear conversational and free from jargon it will be of immense interest to anybody with a general interest in uk law politics and history times higher education this timely new edition addresses the many constitutional changes that have arisen since 2016 including those brought about by brexit and the covid 19 pandemic whilst retaining its hallmark features of clarity and concision adopting a thematic approach it discusses questions of history sources and conventions the role of the crown parliament and the electoral system government and the executive the judiciary and the territorial distribution of power in addition it offers analysis of the evolution of the uk s historic non codified constitution its strengths and perceived weaknesses and of reform initiatives engaging with the central issues in play as the uk enters a new chapter it explores the impact on devolved government the principle of sovereignty the role of the courts and parliamentary reform as well as providing a contextual and authoritative overview of the principles doctrines and institutions that underpin the elusive constitution this study will allow students of law and politics both from the uk and abroad to develop an informed view of how it actually works

includes separately published extra sessions
